## Style & Function

LUXAFLEX NEWSTYLE® Basswood Shutters are a beautiful combination of functionality, durability & practicality. They are more than just a basic window covering; providing light & heat control, whilst adding style & value to your home. Each shutter is custom made to your window or door's exact specification.

## Durable - Basswood Timber

Our shutters are manufactured from premium quality kiln dried solid hardwood. Basswood is a pale beautifully grained timber that is light, strong and extremely stable. Louvres and profiles are carefully prepared and undergo an exacting process to ensure a fine, lustrous and durable finish.

## Modern Colour Range

LUXAFLEX NEWSTYLE® Basswood Shutters feature a modern colour range including 4 painted finishes and 22 stains to suit the interior colour schemes of most homes.

## Tilt Systems

The standard front tilt system provides the traditional look of plantation shutters & features a patented tilt bar connector that allows quiet closure and does not rattle in the breeze. This tilt bar can be mounted in the middle of the shutter panel, or to side of the panel depending upon taste. The TruView® Hidden Tilt Mechanism delivers a clean contemporary look, with an unobstructed view through the open louvres.

## Louvre Options

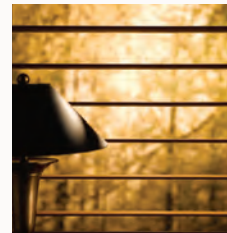

LUXAFLEX NEWSTYLE® Basswood Shutters are available in two louvre styles, Elliptical or Flat, and 3 sizes depending on the level of view through required. The Elliptical shaped louvre is available in 65mm, 91mm and 116mm (as shown below), whilst the Flat louvre is available in a size of 91mm.

65mm Louvre Open

91mm Louvre Open

116mm Louvre Open

## Frame Options

With a variety of frame styles and mounting options, including Hinged, Bi-Fold on Track & Sliding on Track, there is a shutter system available to suit almost any window or door application.

## Child Safe & Non Toxic

Because there are no cords, and the paint & stain used to finish the shutters are non toxic, LUXAFLEX NEWSTYLE® Basswood Shutters are a child safe window covering.
